

I'm travelling alone

Travel information for children travelling alone on Vy buses

Child's name:

Travel date:

Contact information for the person meeting the child:

Name:

Telephone:

Contact information for the parents:

Name:

Telephone:

Additional important information

We'll do what we can for children who travel alone to have a pleasant journey. Therefore we recommend that all children who travel alone with our express buses bring this form filled in with all essential info. The child should show the form to the bus driver when entering the bus, and keep it for the entire journey.

Note that you as a parent are responsible for the child during the journey. The driver will naturally assist in any way, but it is important that the child itself can get off at the right bus stop. The bus driver can ask to see the form if the parents or other contact persons should be contacted for some reason.
